

MONTAG'S

NEW GEN2 - 2112

Montag's GEN 2 metering system has a unique modular design that allows it to be adapted to your needs as your operation changes and evolves for years to come.

The 2112 GEN 2 model has a single stainless bin (4.3 tons total capacity). It also can be configured with up to 12 rows and up to 4 sections.

The reversible plenum and configurable platform allow for very flexible mounting options.

THE GEN 2 SERIES IS DESIGNED TO ADAPT TO YOUR NEEDS AND CAN BE EASILY CONFIGURED TO FIT A WIDE VARIETY OF IMPLEMENTS AND ATTACHMENTS.

CUSTOMIZABLE OPTIONS

(GEN 2 - 2112):

Capacity: 4.3 tons

Product Blends: 1

Meter Outputs: Up to 12
(before splitters)

Section Control: 1-4 sections

Platform Orientation: Front or Rear

Slide gate: Hydraulic

Technology & Scale Options

BIN OPTIONS

The 2112 includes a stainless-steel sealed bin (135 ft³ total capacity).

A full set of screens are included.

EFFICIENT HYDRAULIC DESIGN

The 2112 uses a Crary fan with an efficient hydraulic design that allows machine to operate on a single hydraulic SCV.

Built for reliable use in fertilizer and cover crop applications.

Pressure relief protects key hydraulic components like the fan motor seal.

AIR DELIVERY

Up to twelve 2" outlets, easily reconfigured.
Splitters can be added to serve more rows at lower rates.
A high-speed fan is also available.

SECTION CONTROL

Supports up to 4 sections.
Sections can be added later.
Sections are controlled by hydraulic motors and poppet valves for durability.

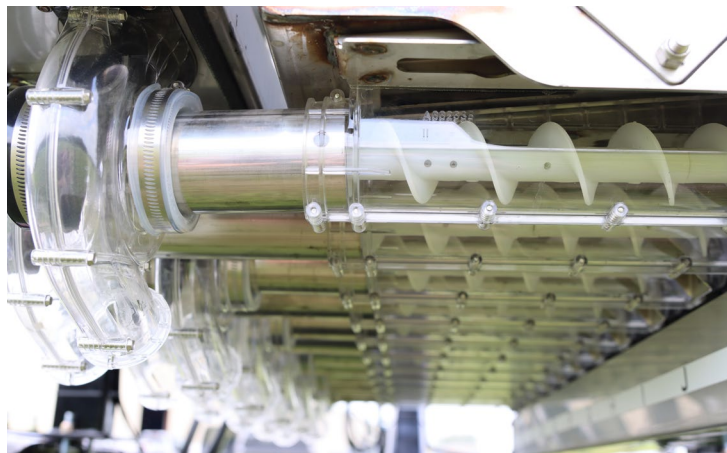

DRY CONTROLLER

37 Pin Harness
47 Pin Harness
Options for integrated load cell wiring
Montag Dry Rate Controller (MDRC) (ISO)
Option to include an ISO tee
MTC200 Non-ISO Touch Screen Controller
GSC-1000 (Micro-Trak) Non-ISO Simple Rate Controller

SCALES

Point ISO Scales
Scale-Link ISO Scales
Non-ISO Scales
Load Cells Only (Scale Ready)
No Scale

Note: Controller compatibility varies with selected options. See the Technology Brochure for details.

THE GEN2 - 2112 IS SHOWN ON OUR NEW TAG-ALONG CART, THIS CART IS A SIMPLER DESIGN, AND HAS A MAXIMUM WEIGHT CAPACITY OF 14,000 LBS.

The Tag-Along Cart is equipped with an articulating ball-style adjustable gooseneck hitch.
